SUSTAINABILITY-RELATED EXPERIENCE

Navigant Power, Chicago, IL
Two-Semester Intern

May 2016–Present

- Prepare charts and other data illustrating the benefits of hydro and geothermal power technology for use in new account proposals
- Accompany account managers on follow-up visits to potential sites
- Increase operation efficiency by maintaining fluid email, phone, and fax communication from sales agents
- Trained two cycles of new interns
- Promoted to lead intern

West Virginia University, Morgantown, WV
Founding Member, WVU Farming Organization

September 2014–Present

- Collaborate with peers to research and select crops of university's first urban farm
- Recruit and educate new members and the Morgantown community on sustainable food systems
- Establish agreements with local food banks to distribute future harvests to those in need
- Construct raised beds to prevent heavy metal uptake and preserve food safety
- Design and run experiments to test soil quality

Green Belt Movement, Nairobi, Kenya
Study Abroad Volunteer

January 2015–May 2015

- Engaged communities in grassroots discussions about food security as it relates to differences in American and Kenyan cultures
- Educated residents about best practices in food security infrastructure
- Utilized GIS mapping to plot current and planned infrastructure

ADDITIONAL EXPERIENCE

West Virginia University Libraries, Morgantown, WV
Student Circulation Assistant

August 2013–June 2014

- Arranged library books in proper Library of Congress order
- Helped patrons locate books and check out items
- Worked independently to solve patron issues and directed them to proper departments when necessary
